**Shermco Industries' Mike Hancock to speak at 44th Annual Transmission and Substation Design and Operation Symposium**

DALLAS – Shermco Industries' Mike Hancock, Irving divisional sales manager and manager of business development for engineering services, will be presenting his paper, *Review of NERC requirements for PRC-005-2* at the 44<sup>th</sup> Annual Transmission and Substation Design and Operation Symposium.

Hancock's presentation focuses on determining if an electrical power utility provider or transmission and distribution entity is compliant with the NERC PRC-005, one of the most violated standards by reliability impact assessments.

"This event is an excellent resource for individuals who are looking to exchange ideas and information relating to substation design and development and I look forward to interacting with the group," said Hancock.

The TSDOS will be held Sept. 14-16 at the Crowne Plaza Suites Dallas Park Central, with pre-conference sessions available on Sept. 13.

**ABOUT SHERMCO**

[Shermco Industries](http://www.shermco.com) is a provider of safe, reliable testing, repair, professional training, maintenance and analysis of rotating apparatus and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; the Machine Services Division and the Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin, Cedar Rapids, Des Moines, Houston, Sweetwater, and Tulsa, Shermco Industries has over 375 full-time employees. The company is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association. For more information about Shermco Industries, visit [www.shermco.com](http://www.shermco.com).
