**Shermco Industries Expands Austin Texas Operations**

AUSTIN – Shermco Industries, a leading provider of rotating apparatus and electrical power system testing, commissioning, repair, maintenance and training, announced today the new construction and expansion of its Austin Texas operations.

The company recently acquired 2.56 acres in Cedar Park, Texas, located at 1705 Hur Industrial Blvd. Construction of the 10,000 square foot service and training facility is scheduled to be complete by April 2010 and will employ 23, said Kevin Ewing, Shermco’s Austin operations manager.

“This will allow us to enhance our service offerings and expand our south Texas operations.” said Ewing, “This facility will serve industrial and commercial users, as well as utility companies with a training facility and our full NETA testing and engineering activities.”

Ewing said the company will add to its staff prior to opening by hiring sales and production people.

**ABOUT SHERMCO**

[Shermco Industries](http://www.shermco.com) is a provider of safe, reliable testing, repair, professional training, maintenance and analysis of rotating machines and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; Machine Services Division and an Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin, Tulsa and Sweetwater, Shermco Industries has over 250 full-time employees and exceeds \$65 million in annual revenues. The company is a member in good standing with the Electrical Apparatus Service Association and the International Electrical Testing Association.
