**Jim White to give tutorial at 58th Annual 2011 IEEE Petroleum and Chemical Industry Committee Technical Conference**

DALLAS – Jim White, training director at Shermco Industries, will be giving a tutorial at the 58th Annual 2011 IEEE Petroleum and Chemical Industry Committee Technical Conference on Sept. 22 in Toronto, Canada at the Sheraton Centre Toronto Hotel.

The eight-hour tutorial, titled “Changes and Enhancements to the 2012 NFPA 70E” will be co-presented with Ray Crow and Daleep Molah and held from 8 a.m. to 5 p.m.

Anyone can register for the conference but members of the Institute of Electrical and Electronics Engineers will receive a discount. The IEEE PCIC is the premier annual application meeting for practicing electrical engineers and is noted for the high quality and practical application of its technical papers.

White is the alternate NETA representative on the NFPA 70E Committee, principle Shermco representative on the NFPA 70B Committee, the NETA representative on the IEEE/NFPA Arc Flash Hazard Work Group (RTPC) Ad Hoc Committee, NETA representative on the ASTM F18 Committee, past chairman of the IEEE Electrical Safety Workshop, NJATC National Training Institute “Training Partner”, co-author and presenter of Chapter 15 of NJATC text, “Electrical Safety Related Work Practices,” Technical Review Committee member for 2009 to 2011 IEEE Electrical Safety Workshop, columnist for “TECH Quiz” and the “NFPA 70E and NETA” columns in the NETA World magazine, a certified Level IV NETA Technician, on the Doble Engineering Transformer Committee -- Asset Maintenance Management Committee and Circuit Breaker Committee, the Chairman of Doble Transformer Field Processing Sub-Committee and an Inspector member of International Association of Electrical Inspectors (IAEI).

**ABOUT SHERMCO**

[Shermco Industries](#) is a provider of safe, reliable testing, repair, professional training, electrical outage planning, maintenance and analysis of rotating apparatus and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; the Machine Services Division and the Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin, Cedar Rapids, Des Moines, Houston, Sweetwater, and Tulsa, Shermco Industries has over 375 full-time employees. The company is a member in good standing with the

Electrical Apparatus Service Association, American Wind Energy Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association. For more information about Shermco Industries, visit [www.shermco.com](http://www.shermco.com).
