IEEE Power & Engineering Society appoints Shermco Industries' Mike Hancock secretary

DALLAS – Mike Hancock, sales manager for Shermco Industries, has been appointed as secretary to the IEEE Fort Worth Chapter – Power and Engineering Society, a non-profit association engaged in the electric power industry. Hancock will be responsible for coordination of the local meetings and will be involved in the recruitment of new members for the Fort Worth Chapter.

Hancock holds a professional engineering license for the state of Texas and has more than 18 years experience in the electrical power industry. He has worked on all sides of the industry – field technician, engineering, sales and management. “I am eager to serve as a member of the IEEE Power and Engineering Society, as this will allow me to further develop my knowledge in the electric power industry and contribute a great deal to help the power and energy society stay up-to-date with the latest advances,” said Mike.

ABOUT SHERMCO

[Shermco Industries](http://www.shermco.com) is a provider of safe, reliable testing, repair, professional training, maintenance and analysis of rotating apparatus and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; the Machine Services Division and the Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin, Cedar Rapids, Des Moines, Houston, Sweetwater, and Tulsa, Shermco Industries has over 375 full-time employees. The company is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association.
