Shermco Industries to host North American Electric Reliability Corporation/Federal Energy Regulation Commission Seminar

DALLAS – Shermco Industries will host the North American Electric Reliability Corporation/Federal Energy Regulation Commission Seminar on Sept. 8-9 at the Shermco corporate headquarters.

The seminar focuses on learning NERC/FERC implementation, updates, best practices and compliance. Speakers include Mike Hancock, Irving divisional sales manager and manager of business development for engineering services; Mark Pustejovsky, manager of engineering for Shermco Industries; Christian Unger, account manager at Shermco Industries; Sam Francis, system protection specialist at Oncor Corp.; and Chad Murdock, CEO of the Pro Energy Alliance.

There is no cost for attendance. Dinner will be provided by Shermco Industries after the sessions on Sept. 8. Enrollment in the event is on a first-come, first-serve basis. Contact Christian Unger at cunger@shermco.com or 972-793-5523 if you would like to attend.

ABOUT SHERMCO

[Shermco Industries](http://www.shermco.com) is a provider of safe, reliable testing, repair, professional training, electrical outage planning, maintenance and analysis of rotating apparatus and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; the Machine Services Division and the Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin, Cedar Rapids, Des Moines, Houston, Sweetwater, and Tulsa, Shermco Industries has over 375 full-time employees. The company is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association.
