

FOR IMMEDIATE RELEASE

February 21, 2011

Shermco Industries' Scott Meador appointed director of marketing for OPMUG

DALLAS – Shermco Industries, a leading provider of rotating apparatus and electrical power system testing, commissioning, repair, maintenance and training, announced today that Scott Meador, vice president of business development, has been elected to the Oklahoma Predictive Maintenance User's Group board of directors. Meador has been appointed director of marketing for the board.

OPMUG was established in 1992 to provide maintenance professionals throughout Oklahoma, Kansas, Texas and Arkansas an opportunity to share and obtain firsthand knowledge about predictive maintenance. The organization consists of individuals and company-sponsored members from many different industries including utilities, manufacturing, refineries, municipalities, government, service organizations, educational institutions, and leading predictive maintenance vendors. The OPMUG is a not-for-profit organization.

ABOUT SHERMCO

[Shermco Industries](http://www.shermco.com) is a provider of safe, reliable testing, repair, professional training, maintenance and analysis of rotating apparatus and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; Machine Services Division and an Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin, Tulsa and Sweetwater, Shermco Industries has over 250 full-time employees. The company is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy Association and the International Electrical Testing Association.
