Todd Stroik of Shermco Industries to deliver presentation at PowerTest 2010

10 Guidelines to Successful Substation Commissioning

DALLAS – The 2010 PowerTest Electrical Maintenance and Safety Conference will be held February 15-18, 2010 in Long Beach, Calif. at the Hyatt Regency Hotel. Electrical power systems manufacturers, vendors and thought leaders will converge there to learn and network.

Todd Stroik, of Shermco Industries, will be among the conference’s notable lineup of speakers, giving a presentation on 10 Guidelines to Successful Substation Commissioning.

“Going through the proper steps to ensure the safe, reliable operation of substations is an absolute necessity that requires the utmost level of respect,” said Stroik. “It’s a responsibility we take very seriously.”

Stroik’s presentation is scheduled for Monday, February 15 from 2:15 p.m. to 3:00 p.m. PST.

ABOUT SHERMCO

[Shermco Industries](http://www.shermco.com) is a provider of safe, reliable testing, repair, professional training, maintenance and analysis of rotating machines and electrical power distribution systems and related equipment for the light, medium, and heavy industrial base nationwide. Founded in 1974 in Dallas, the company is comprised of two strategic business units; Machine Services Division and an Engineering Services Division. With a corporate location in Irving, Texas, a sales office in Brussels and service centers in Austin, Tulsa and Sweetwater, Shermco Industries has over 250 full-time employees and exceeds \$65 million in annual revenues. The company is a member in good standing with the Electrical Apparatus Service Association and the International Electrical Testing Association.
