## **Shermco Industries Expands Gulf Coast Footprint with New Houston Facility and Port Arthur Office**

HOUSTON – Shermco Industries has opened a new regional engineering services office in Houston, Texas.

Located at 4240 South Dr. on the edge of Pearland, the office is staffed with technicians and support staff to service large commercial, industrial and utility clients in the gulf coast region.

Nick Orlea is the location manager for the Gulf Coast and South Texas regions. This new service center is in addition to Shermco’s facilities in Port Arthur and Angleton.

“Shermco wanted to expand its footprint to better serve the gulf coast area, and we are excited to announce the new Houston facility,” said Orlea. “We have been in the region since 2010 and are very pleased to offer expanded service capabilities.”

Shermco’s Angleton facility is located at 33002 FM 2004. The Port Arthur location is at 2901 Turtle Creek Drive. Contact any of these locations at 888-SHERMCO (743-7626) or info@shermco.com

### **ABOUT SHERMCO**

Shermco Industries is the leading independent provider of safe and reliable acceptance testing, commissioning, maintenance, repair and remanufacturing of electrical equipment and power distribution systems. With service centers located throughout North America, certified technicians and engineers focus on servicing both scheduled and unexpected projects for large commercial, industrial and utility customers. Shermco, a leader in electrical safety and technical training, focuses on industrial electrical contracting, utility, wind turbine maintenance and disaster recovery services. Shermco Industries is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association.
