## **Shermco Industries Now Offers Online Enrollment for Training Classes throughout North America**

Dallas –Shermco Industries’ unveiled its upgraded training registration store on its website this month. Electrical professionals seeking training and continuing education credits can now search Shermco’s course catalog online, register and pay for classes scheduled throughout the U.S. and Canada.

Individuals can now flip through a slider of courses and click on specific courses for more information or they can download a catalog. As well, courses can be paid for by check, PayPal® or purchase order.

Courses offered include: Electrical Safety for Qualified Electrical Workers, Substation Maintenance, Low and Medium Voltage Breaker Maintenance, Motor Maintenance and Testing and many more. Learn more at [www.shermco.com/training](http://www.shermco.com/training).

“We are excited to offer a faster and easier way to sign up for our training classes. It’s also easier to find courses near you,” said Kevin Alewine, director of Marketing for Shermco.

### **ABOUT SHERMCO**

Shermco Industries is the leading independent provider of safe and reliable acceptance testing, commissioning, maintenance, repair and remanufacturing of electrical equipment and power distribution systems. With service centers located throughout North America, certified technicians and engineers focus on servicing both scheduled and unexpected projects for large commercial, industrial and utility customers. Shermco, a leader in electrical safety and technical training, focuses on industrial electrical contracting, utility, wind turbine maintenance and disaster recovery services. Shermco Industries is a member in good standing with the Electrical Apparatus Service Association, American Wind Energy Association, Professional Electrical Apparatus Recyclers League, and the InterNational Electrical Testing Association. For more information about Shermco Industries, visit [www.shermco.com](http://www.shermco.com).
