Shermco Industries' Joel McDaniel to Speak at Houston Electrical Inspector's Meeting

Houston, TX: Joel McDaniel, PE, senior electrical engineer at Shermco Industries, will present an overview, "Power System Studies," at the International Association of Electrical Inspectors Texas Gulf Coast chapter meeting on April 19, 2017 from 6-8 PM. Held at the Houston Permitting Center, 1002 Washington Avenue, Houston, TX 77002, this event, open to anyone with an interest in electrical safety, is focused on the educational needs of electrical inspection professionals, contractors and students pursuing careers in the electrical construction industry.

McDaniel is a Texas licensed master electrician, a registered professional engineer and a NETA certified level 4 test technician with wide experience in the electrical industry. In his presentation, particular attention will be given to the importance of having access to quality data prior to performing short circuit and arc flash hazard calculations.

"Joel is a great asset to Shermco and we always encourage our technical experts to volunteer to help grow the technical and safety skills of our industry," said Jason Greer, Shermco Industries vice-president of business development.
